👤 PROFILE

As a highly motivated and dedicated individual with a passion for web development, I have acquired extensive technical expertise in HTML, CSS, JavaScript, and modern web development frameworks and libraries such as Bootstrap and NodeJS. With strong analytical and problem-solving skills honed through my academic background in Mathematics and Computer Science, I possess the ability to work both independently and collaboratively in a team environment. I am continuously updating my skills and staying abreast of new technologies to ensure that I remain at the forefront of the industry. I am seeking a challenging role in web development or related fields where I can apply my technical expertise and interpersonal skills to make a significant contribution to organizational goals.
